Available Infrastructure

In regards to our tight university schedules and location of campus, we are hoping to conduct our sessions of study through online platforms such as email, discord and zoom meetings.

Specific Need for External Assistance

Currently, we heavily rely on previous team members as well as our student coaches. With the occasional but rather sparse help from our alumni. Therefore, we are hoping to receive external assessment and assistance to improve our memorandum and if possible, our oral pleading as soon as we have determined our oralists.

Universitas Padjadjaran Past Participation

Universitas Padjadjaran has started participation in the Willem C. Vis (East) Moot Court Competition back in 2010. Regardless of the little help we received from the campus, our teams have consistently improved its overall rank.

Best regards,

Universitas Padjadjaran Vis Team for the 19 th Vis East Moot.
